The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof lighter, but designed for the special needs of pipe smokers. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe.

The insert of a Zippo pipe lighter is exactly the same size as the standard windproof lighter insert, allowing pipe smokers who have a treasured Zippo windproof lighter the option of replacing the insert to continue carrying the favorite case.

## Outdoor Utility Lighter

This rugged butane lighter has been awarded the Seal of Approval by the North American Hunting Club. It's ideal for a home emergency kit and as a pack-along lighter when you travel.

## Flex Neck Utility Lighters

There's no better way to get fires started in a stiff wind. Dual-flame technology keeps the flame burning strong. A flexible neck precisely positions the flame in any direction.
