

SUPP**ORT** YOUR BUSINESS

One of Denmark's
leading ports for
wind turbine projects

Port of Grenaa
Support your business

DENMARK'S MOST CENTRAL DEEP WATER PORT

With plenty of know-how as base
and service port for the wind industry

Areas available

- Large pre-assembly area with a total of 73,000 sqm with direct access to quay
- Additional areas for storage
- Exclusive reinforced concrete quay areas with high load-bearing capacity
- No residential areas nearby
- Sewers installed in pre-assembly area

Power and lighting

- Electricity, water and IT laid in to pre-assembly area. Additional electricity capacity available. 'Green' electricity available on request
- 21 light masts with manually adjustable light strength

Construction of the Anholt offshore wind farm earned national and international recognition for the Port of Grenaa as a professional wind turbine port

Ship arrival

- Sufficient water depth - up to 11 metres
- Dedicated jack-up area for installation ships with reinforced seabed
- Separate arrival facilities for crew boats on request

Access by road

- Good infrastructure to the port with north and south bypass roads
- Light and heavy traffic can be separated in project area
- Lies within ISPS zone with permanent fencing and video surveillance
- Mobile fencing available for hire

Supply chain

- 24/7 operation possible
- No requirement for gang size
- Broad selection of dedicated and skilled businesses within the wind industry supply chain available
- Skilled labour force available
- Grenaa and Djursland can offer a wide range of hotel accommodation

WE MAKE EVERY EFFORT TO SUPPORT YOUR BUSINESS

The Port of Grenaa is one of the biggest commercial and industrial ports in Denmark, centrally located and with plenty of space for development.

Strong focus on core segments and excellent network connections make the Port of Grenaa the foundation on which to realise the potential of your business.

Have a dialogue with the Port of Grenaa - we have the space, the network and **the will to succeed**
